## **Project Alpha: Proving Ground** Lee Houston Jr.

Adrift in space, Alpha eventually awakens to the memory of his emotionally devastating defeat at the hands of Conalaric and the destruction of the planet Shambala. With his genetically enhanced capabilities, the fledgling guardian sworn to protect all who are peaceful and vulnerable in the universe flies off to find himself a new proving ground. A hospitable planet teeming with life is dominated by a race of humanoids less technologically developed than his adopted home world was, but Alpha decides here he can be of great assistance. However not all the people of Earth feel the same way about him. To some Alpha is an angel of hope in a world full of danger and discord. To others he is a potential weapon of mass destruction sent by some unknown entity, and must be stopped at all cost. Unfortunately his unusual abilities attract the attention of both governmental agencies that seek to capture and control him, and a terrorist group willing to do whatever it takes to advance their own ideals. Can Alpha find some way to fit into this very polarized world, or will he always be an outcast even amongst those he wishes to serve for the better of all? Lee Houston Junior's PROJECT ALPHA-PROVING GROUND. From Pro Se Productions.
