In this rapidly changing global world, people are challenged everyday to be culturally literate. More than ever, map-reading skills are a necessity for the informed student. This book contains the tools needed to teach your fifth-graders to read and use a variety of maps and map features. Each topic presented includes a teacher page filled with background information, teaching suggestions, and ideas for related activities. Also included for each topic are several students' pages that provide challenging practice with map skills of all kinds - map legends, scale, latitude and longitude lines, thematic maps, and so on. A glossary and answer key complete this valuable resource book.

#### **John Montes:**

As a student exactly feel bored in order to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just minor students that has reading's soul or real their passion. They just do what the professor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this U.S. Map Skills, Grade 5 can make you experience more interested to read.
