This is one of White Eagle's most important books. It represents a full commentary on the most mystical of the four gospels, that of St. John, and it demonstrates the remarkable meeting of minds between White Eagle as spiritual teacher today and St. John, who wrote two thousand years ago. One of the things that separates St. John's gospel from the others is the degree to which Jesus describes the purpose of his work on earth, and what his life means for the relationship of the individual soul to God. White Eagle takes up this point particularly and it becomes clear that the Christ is the central life, or light, within each one of us, and that the path Jesus trod is the same road that each of us takes. That is the starting point for a much deeper and more detailed vision, with a reinterpretation of the whole story of Jesus' life and its significance. In this new edition, the text has been rendered gender-neutral and brought up to date, although the bible version used remains the familiar King James one.
