People's War People's Army: The Viet Cong Insurrection Manual for Underdeveloped Countries Vo Nguyen Giap

Vo Nguyen Giap, Southeast Asia's most successful Communist general, Minister of Defense and Commander in Chief of North Vietnam's army, shares with Premier Khrushchev a conviction that the future holds many "just wars of national liberation." This volume stresses the climate of Asia, Africa, and Latin American, torn today by anticolonial, economic, and political upheavals. It is General Giap's purpose in this book, originally published in 1962, to guide these struggles to the desired "socialist" victory. The speeches and essays that comprise this key document provide not only the tactical doctrine for effective insurgency operations, but also the political guidelines for enlisting the people in the insurgents' side.
