English Cathedrals

Andrew Sanders

English Cathedrals Andrew Sanders

England is blessed with many beautiful cathedrals, including the world-renowned Durham, with its geometrically carved pillars; Wells, with its astonishingly graceful scissor arch; and the gloriously uplifting Ely and its octagonal tower. This book is a highly readable account of the history of England's cathedrals, from Anglo-Saxon times to the present day. It discusses their significance, from a time when faith was an integral part of everyday life, to the present, more secular society. It also discusses the developments in cathedral architecture over the centuries and the English cathedral city.
