These word scramble puzzles consist of words or phrases that relate to teenagers where the letters have been scrambled. Solve each puzzle by rearranging the letters to form the word or phrase. For example, rearranging the letters R A M U L O G, we can form the word G L A M O U R. Each puzzle consists of a group of related words or phrases, like what you would hear at a hair salon, items that you might carry in your purse, or common gym activities. Knowing that the words in each puzzle are related may help you unscramble any words or phrases that you don't see right away. A hints section at the back of the book provides the first letter of each answer, which is handy if you just need a little help; a separate section provides the answers so that you can check your solutions.
