Whip out your colored pencils and take a turn through the prickly desert that is Cactus. Divided into 10 beloved cacti and succulents, designer and blogger, Brittany Jepsen, created Cactus Coloring Book, 60 pages of hand-illustrated patterns, bouquets, and scientific charts awaiting the distinctive color palettes only a cacti lover could imagine. Coloring difficulty ranges from easy to challenging . The designs are on the front of the pages only, allowing for markers and various creative media. The book is laid out like a catalogue, with sections for 10 different cacti and succulents. Each section contains a scientific chart, blooming bouquet, stylized pattern, symmetrical layout, macro view, and a mixed pattern of all the botanicals. Some pages are highly detailed showing the various parts of the cacti while others contain larger blocks of space. All are frame-worthy works of art. Connect with Brittany on Instagram—@HouseLarsBuilt—and tag your photos with @ColoringWithLars, to share your colored pages, for creative coloring inspiration, and for the chance to be featured. It's perfect for meditation time for adults or as a family activity for teens and kids alike!
