"There are 70 words in the Lord's Prayer. 271 in the Gettysburg Address. 313 in the Ten Commandments. And European Commission Regulation (EC) No 1284/2002, laying down the marketing size for hazelnuts (in shell), runs to . 2,509 words."

The European Union is a tough nut to crack. Ever-present in political debates and pub conversations, how much do we really know about it? Regarded by some as a bureaucratic and undemocratic monster, others see it as a glorious economic and political union presiding over a Europe of unprecedented peace and stability. But what's the reality?

Author Lee Rotherham has painstakingly compiled thousands of fascinating stats, curious quotes and outright oddities relating to the EU, ranging from the serious to the silly. Crack open the nut to discover, among other things:

- The ten guiding principles of the European Project
- What the 32 Directorates-General are and what they do
- The formula by which you can produce a mathematical analysis of each country's EU membership
- How much is saved in wages each day EU staff go on strike

Along the way you'll laugh out loud, become unbeatable at the politics round in quizzes, and understand why the Fathers of Europe wanted you to feel proud and emotional when you hear 'Ode to Joy', not think about the strict regulations for bent cucumbers.
