Riddle of the Seven Realms, 2nd edition (Magic by the Numbers)

Lyndon Hardy

Riddle of the Seven Realms, 2nd edition (Magic by the Numbers) Lyndon Hardy

The worst of the mess they were in, Kestrel knew, was that it was all his own fault. It all began when he had tried to cheat the lady wizard, Phoebe, with a load of worthless wood. When she insisted on testing his sample, the demon Astron had burst through the flame...

"Lyndon Hardy's incisive logic makes the wildest flights of fantasy believable -- and fascinating" -- Lester del Rey"

Some of the Amazon reviews for the first edition

Excellent. Want more -- A customer

Once again, Hardy displays deep thoughts on the workings of magic. The third in the series flicks the protagonists through a series of parallel worlds, each providing a clue toward solving the riddle. The characters are appealing and the description of various worlds and their inhabitants is well done.

Very well written -- Reviewer formerly known as Kurt Johnson

I must say that I didn't know what to expect when I picked up this book, but I was very pleasantly surprised by what I found. I like a good fantasy story that takes place within one or more alternate realities with their own rules - the more exotic, the better. Well, a major theme of this book is the nature of the various alternate universes that the characters encounter; each different (radically so) and yet internally consistent, and very interesting.

great book--Ivan T Mandov

as good as the other two books of the trilogy

Definitely recommend to fantasy readers--Roy S. Clark IV

Lyndon Hardy writes fantasy with an eye towards making the various disciplines in a logical and entertaining fashion

.

###

Riddle of the Seven Realms - action, adventure, magic -- and romance

Back in print after almost thirty years!

Contains glossary and author's afterward.
