The stars take shape in this adorable companion to *Henry's Map*!

One beautiful evening on the farm, Henry stares up at the sky. As he looks from star to star, they seem to form a picture. He sees it! A great big starry pig! Henry can't wait to show his friends. Yet instead of seeing the Great Pig's ears, legs, and curly tail, the sheep see a woolly body . . . the Great Sheep! Abigail sees the Great Star Cow, of course, and the chickens spot Heavenly Hens flying all over the place. Henry is frustrated. Why don't the others see what he sees?

In this charming companion to *Henry's Map*, David Elliot explores—with gentle humor—the nature of art and perception. A perfect book for kids and adults who love to find shapes among the stars or anywhere else their imaginations may lead.
