## **Putting Humans First: Why We Are Nature's Favorite (Studies in Social, Political, and Legal Philosophy)** Tibor R. Machan

*Putting Humans First* passionately argues for the primacy of human life in the natural world and the corresponding justice of humans making use of animals; it disputes the concept of "animal rights" and "animal liberation." It shows human beings to be very much a part of nature, though not, ordinarily, of the wilds. Given their nature, Machan argues that human beings not only can, but ought to use nature to serve their own needs.
